# L-16 EVO

L-16 EVO

Linee di luce LED di larghezza 16mm, per installazione ad incasso su cartongesso o da applicare su muratura, a parete o a soffitto, tagliabile in opera.

#### Materiali

Corpo in cartongesso di spessore 12,5mm, da lastra standard o HYDRO (a ridotto assorbimento di acqua, utilizzabile in ambienti con umidità relativa costante dell'aria  $\leq 70\%$ ; da associare a Strip LED IP65).  
Profilo dissipante in lega di alluminio anodizzata naturale.  
Schermo di protezione in PMMA opale.

#### Cablaggi

Strip LED con alimentazione elettronica o dimmerabile 24Vdc remota.

LED light lines 16mm wide, for recessed installation in plasterboard, walls or ceilings. Cuttable to measure on site.

#### Materials

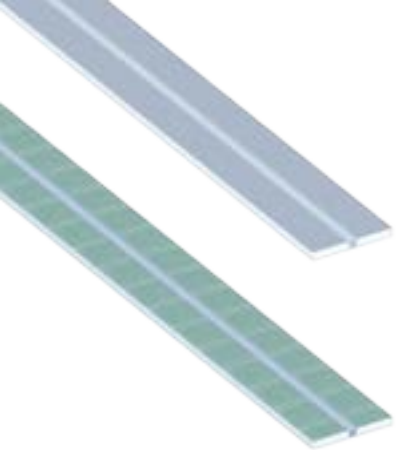

Body made from 12,5mm thick plasterboard, either standard or HYDRO treated (with reduced water absorption level to be used in environments with constant relative humidity levels of air  $\leq 70\%$ ; to combine with Strip LED IP65).  
Dissipating profile made of anodized aluminium alloy natural finish  
PMMA opal protection screen.

#### Wiring

Electronic or dimmable remote drivers 24Vdc.

**L-16 EVO PROFILO IN CARTONGESSO**

dissipatore e diffusore opale inclusi; Strip LED ed alimentatore elettronico da ordinare a parte

**L-16 EVO PLASTERBOARD PROFILE**

dissipating profile and opal diffuser included; LED Strip and electronic driver to be ordered separately

Codice/Code	L (mm)	Prezzo/Price
101801.99	2000	€ 83,75

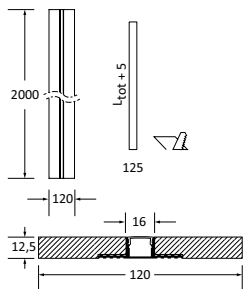

**L-16 EVO PROFILO IN CARTONGESSO HYDRO**

a ridotto assorbimento di acqua; dissipatore e diffusore opale inclusi; strip LED ed alimentatore elettronico da ordinare a parte

**L-16 EVO HYDRO PLASTERBOARD PROFILE**

with reduced water absorption; dissipating profile and opal diffuser included; LED strip and electronic driver to be ordered separately

Codice/Code	L (mm)	Prezzo/Price
101805.99	2000	€ 91,75

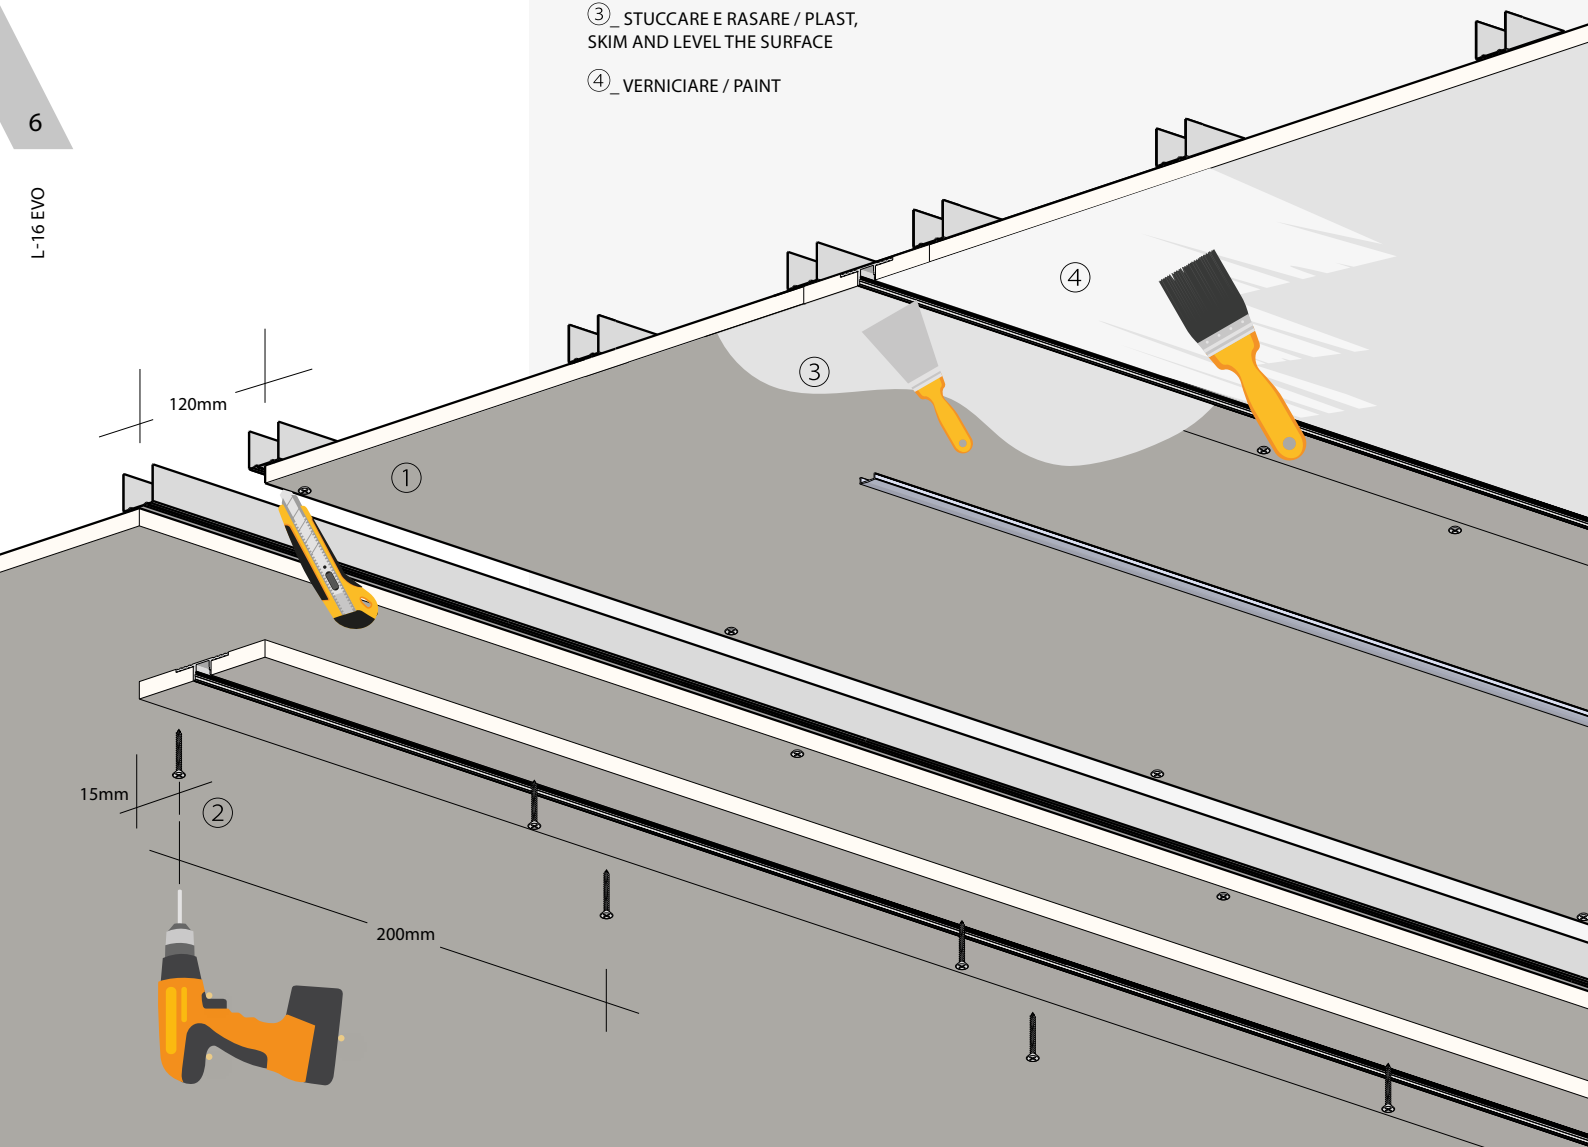

**STRIP LED CONSIGLIATE PER LUMINANZA UNIFORME - 22W/M E 19,2W/M (240 LED/M) - VEDI PAG. 56  
ALIMENTATORI E COMPONENTI PER LA GESTIONE LUCE - VEDI PAG. 61**

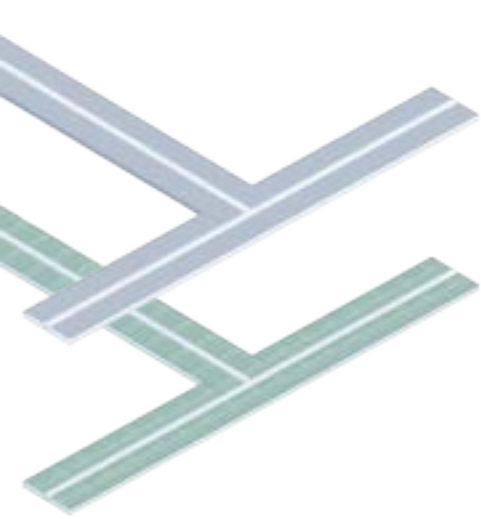

/ RECOMMENDED STRIP LED FOR UNIFORM GLOW - 22W/M E 19,2W/M (240 LED/M) - SEE P. 56  
DRIVERS AND DEVICES FOR LIGHT MANAGEMENT - SEE P. 61

SCHEMA DI MONTAGGIO / ASSEMBLY DRAWING

- ① TAGLIARE IL CARTONGESSO / CUT THE PLASTERBOARD
- ② FISSARE IL CORPO IN CARTONGESSO ALLA STRUTTURA CON VITI / FIX THE FIXTURE BODY TO THE PLASTERBOARD STRUCTURE WITH SCREWS
- ③ STUCCARE E RASARE / PLAST, SKIM AND LEVEL THE SURFACE
- ④ VERNICIARE / PAINT
